THE ROSCONGRESS FOUNDATION

The Roscongress Foundation was established in 2007 to organize and host the St. Petersburg International Economic Forum. It received its current name following a reorganization in December 2015.

The Foundation aims to develop Russia’s economic potential and strengthen the country’s image by organizing congresses and exhibitions with an economic and social focus, developing substantive content, providing companies with advice, information, and expert guidance, and offering comprehensive evaluation, analysis, and coverage of the Russian and global economic agendas.
The Roscongress Foundation holds events across the globe, from Montevideo to Vladivostok, enabling international business leaders, experts, journalists, and government officials to meet and interact. These events aim to create the best possible environment for the discussion and promotion of new ideas and projects, and contribute to the development of social entrepreneurship and charity initiatives.
Prominent Russian and international experts and thought leaders are closely involved in conceptualizing and executing the events, which reflect both global economic trends and the long-term strategic priorities of Russia.

420* events

133 countries

* These figures reflect the activity of the Roscongress Foundation (the SPIEF Foundation until December 2015) for the period from 2007 to October 2016.
St. Petersburg International Economic Forum

One of the foremost international platforms bringing together leaders to discuss the most pressing issues affecting global economics and finance.

The St. Petersburg International Economic Forum has been held annually since 1997.

Since 2005, the Forum has been held under the auspices and with the participation of the President of the Russian Federation, who addresses the Russian and global business community at the plenary session alongside other heads of state.
